

BUSINESS ESSENTIALS FOR ENTREPRENEURS

> Are you an entrepreneur? Would you like to refresh and refine your knowledge and skills to grow your business?

Or perhaps you are considering going out on your own and would like to prepare yourself for the best possible start?

In either case, we have prepared an educational track that provides you with practical instruction and support.

Local experts have designed and will facilitate a series of hands-on workshops, during which you will benefit from their expertise while working on your own specific business questions and needs.

Workshops can be taken as a full package or on an individual basis. For more information please [click here](#).
